

Sunset Ridge Middle School

Community Council Minutes

13 October, 2016

Meeting began at 5:00 p.m. in the Conference room. Opened by Larry Urry.

Those in attendance were, Heejeong Bell, Stephanie Southworth, Sandy Greenwood, Korene Robinson, Melissa Worthen, Markie Harper, Larry Urry & visitor Michelle Leary

The floor was opened for nominations for SCC Chair. Stephanie Southworth was nominated and unanimously accepted by those of the Council who were present. Ruth Bell was nominated to serve as Vice Chair. Since there was not a quorum of the Council present it was decided that the names of Stephanie and Ruth would be sent to all Council members to be voted upon by email ballot. (Ruth Bell emailed Larry Urry and declined to serve as Vice Chair. It was suggested that Ronda Newbold be nominated to serve as Vice Chair. Voting for both Stephanie and Ronda was unanimous in the affirmative.

Larry Urry Handed out Community Council Training Sessions Flyers to each member and went over the dates with the Council. He indicated that everyone on the Council was welcome to attend one of the trainings.

The Land Trust final Report was handed to Council members. Time was taken to go over the report and talk about data point and what they meant. It was determined that at the next meeting we would introduce the data gateway to enable each of the council members to access not only Land Trust reports but be able to understand what data points were used.

A concern was raised about grading. Mr. Urry said that he would address the topic next meeting and that he would bring a book to each member that explained the principles of standards based or mastery grading.

The meeting was then adjourned until November 17,2016
