

SRMS COUNSELORS

Ms. Stephens A-G

Mrs. Scherzinger H-L

Mrs. Worthen M-Z

“From aviation, to bio-technology, to computer animation, students all received hands on activities such as creating a vial of their own DNA, to building a wooden bridge that could withstand a load bearing weight machine and building a wind mill that could produce electric energy. Some students were able to experience the aviation simulator housed in the Aviation Academy.”

If this sounds fun to you...join MESA!

We will meet after school for activities and fun field trips!! Watch for more information or talk to Mrs. Teixeira in Room 2306.

The **sports** we are offering this year are volleyball, flag football, ping-pong, basketball, and indoor soccer. No specific dates yet, but we will begin sign-ups for volleyball and flag football within the next few weeks. Intramurals are Tuesdays and Thursdays from 3:00-4:00. Any student in the school can play. Listen for announcements throughout the year to sign-up.
